

In 2018, **127 donors gave \$64,197.52** to

Project Sparrow to further expand the programming we offer to support and encourage the approximately 1900 at-risk children being raised in Maine's foster care system.

Here is how YOUR generosity helped make a difference in the lives of these children:

Our Board is overwhelmed with awe and gratitude at what the Lord has accomplished this past year. We are looking forward to 2019 with much anticipation as we continue our work AND launch two new projects! The new projects are designed to reach the boys in the foster care system and the young adults that have "aged-out" of the system with no family: Project Adventure and Project Home Sweet Home. Please pray that our volunteer base will increase this year to allow us to be more efficient with our time and resources. Also, pray that we continue to receive community grants and financial support from businesses, churches, and individuals so that we can continue to offer events, training, and items to address physical needs to each caseworker and family that request them.

Thank you for your support in 2018! Would you consider continuing your support in the new year? Simple ways you can help are to follow Project Sparrow on social media and commit to sharing our posts to get the word out to a larger audience. Or how about connecting your Amazon account to Project Sparrow through the Amazon.smile program... every dollar goes a long way! We would also love to come speak to your church, business staff, or community group this year. All of these are incredibly powerful ways to help continue to support the foster children in Maine. Make room in your budget to join, or continue your commitment, our 12 For 12 Pledge... \$12 a month, for 12 months.

Join us in changing lives! Everyone can do something!
